See you in Sopot

for a family city break

attractions for kids

1 Aquapark

Aquapark is a place of relaxation and fun for the whole family. Attractions include: a recreational pool, a grotto with a waterfall, a children's paddling pool, water slides, a wild river, and hydromassage pools.

2 Grodzisko (Early Medieval Stronghold)

Grodzisko is the city's oldest historical site and a branch of the Archaeological Museum in Gdańsk. On-site, you can see an archaeological open-air museum, permanent exhibitions dedicated to Sopot's prehistory, and sign up for live history lessons and ancient crafts displays.

3 Ice Rink with a Sea View

We invite skating enthusiasts to the Sopot ice rink at Kuracyjny Square. The rink is open from December to February, 7 days a week. Skates and helmets rental, as well as a sharpening service, are available on site.

4 Chocolate Workshops

We invite you to family chocolate workshops at the Sopot Chocolate Manufactory. During the workshops, you can learn the entire chocolate-making process and create your own chocolate.

5 Łysa Góra (Bald Hill)

Located 110 meters above sea level, this is a place where, while skiing, snowboarding, or sledding, you can enjoy a beautiful view of the sea. Two ski slopes, a sledding track, and equipment rental are available. It is a paradise for winter activity lovers. Photo: Robert Wolak.

6 Potyczki Entertainment Center

Potyczki is a place where children, parents, and grandparents can have fun together without boredom and without waiting. Waiting for you here are, among others: 40 arcade game machines, 3 karaoke rooms, 2 shuffleboards, and a bar with drinks and snacks.

7 Mirage Museum of Illusions

Discover the world of illusions at the Mirage Museum in Sopot! Explore interactive exhibits such as the Levitation Chair, the Hypnosis Room, and the mesmerizing Voltex Tunnel.

8 Museum of Illusions in the Crooked House

This is not an ordinary museum. It is an interactive journey through over 20 surprising installations that give everyday reality a completely new dimension. Play with perception, optical illusions, unconventional set designs, and fully immersive effects.

9 KartCenter - Go-karts

KartCenter in Sopot is one of the largest and most modern go-kart tracks in Poland. It is great fun for anyone over 1.30 m tall who wants to feel like an F1 driver for a moment.

*Open on selected days in the off-season.

10 Centrum Nauki Experyment (Experyment Science Center)

The Experyment Science Center is a modern educational institution and interactive space popularizing science through experience and play. Its offer includes: popular science exhibitions, family workshops, and shows.
